

Nassau EM Stakeholders Whole Community Working Group

**12 September 2024 – 10 AM at the EOC
Agenda**

EM Working Group Plan Reviews – Updated maps have been incorporated into EM’s Logistics and Resource Management Plans – EM Plans are all available for review in the WebEOC global file library. Notify EM Planners if you want to propose any edits or updates to any of the Program’s internal operational plans.

The two programmatic plans requiring scheduled re-writes for submission/approval by the State and FEMA are:

- the *Comprehensive Emergency Management Program Base Plan (CEMP)*, every four years; next due for final submission to the FDEM by June 2026
- the *Local Hazard Mitigation Strategy (LMS)*, every five years; next due for final submission to the FDEM by September 2025

EM Program Staff Quarterly Update

- Shelter planning sessions and walkthroughs with the School District and Dept of Health
- NWS Hurricane Table-Top Exercise (TTX) and NWS forecast products training sessions
- Attended HurrEvac decision support tool training
- Hospital Evacuation TTX with BMC-Nassau
- Conducted ICS Training & Communications TTX for NCSO Explorers
- Activated the EOC to Level 1 in response to the County’s Local State of Emergency issued for Tropical Storm Debby
- Conducted an ICS-300 course
- Monthly Hands-Only CPR classes at the EOC on 2nd Thursday evenings, open to the public; additional classes can be scheduled at locations and times for any group by emailing NassauCountyFLMRC@gmail.com
- New EM Training Programs for 2025
 1. *Community Preparedness Passport* – monthly training opportunities open to the public
 2. *EMpowerHER* summer program
 3. *FEMA Community Emergency Response Team* courses – two planned
